

Annual Copyright License

One license, usage rights to millions of content sources

An easy and convenient compliance solution

Companies thrive on the exchange of information, from research and industry news to workforce trends and legislative reform. In the daily rush to get things done, even well-intentioned employees may unknowingly share copyrighted material without permission to do so.

The Annual Copyright License gives you the freedom to share content with colleagues across your organization worldwide, while respecting the rights of content creators.

Only the Annual Copyright License lets you:

- Share content from millions of journals, blogs, newspapers, e-books and more.
- Exchange information through email, hard copies, collaboration tools and more.
- Advise colleagues on their content usage rights in real-time
- Minimize your organization's copyright infringement risk
- Save money by reducing time spent pursuing permissions

Get the most value out of the license

The license features the RightFind™ rights advisory tool which quickly confirms whether you can share specific content based on the rights included in your license — all without leaving your workflow. Our online Customer Resource Center gives you materials designed to help you get the most out of your CCC Annual Copyright License with RightFind and deepen your understanding of important copyright issues in the workplace.

“The top benefit is the peace of mind that we're in compliance with copyright laws. Having the Annual Copyright License also gets back to integrity truly being a core value of our company.”
