

RightFind[®]

The content you need – anytime, anywhere.

At Copyright Clearance Center, we know that getting to the right content is often a challenge. The RightFind[®] content workflow solution connects you and your colleagues with fast, easy access to the full range of high-value published content you want — anytime, anywhere. Advanced administrative features offer the ability to configure the solution to meet the unique needs of your employees, while sophisticated usage and spend analytics provide valuable insight into how published information is used within your organization.

RightFind integrates seamlessly with your CCC/RightsDirect Copyright License to facilitate copyright-compliant collaboration. The result? You save money by accelerating the flow of research, maximizing the value of your subscriptions and streamlining your information management operations.

HOW IT WORKS

Search for content using RightFind, PubMed or another discovery platform.

Get full-text articles from company subscriptions, Open Access and internal documents.

Purchase articles that aren't in your company holdings.

See the rights you have to share that content.

Track content usage and spending to inform future purchases.

POWERFUL FEATURES TO ACCESS, SHARE, TRACK AND MANAGE CONTENT

Seamless workflow integration

Employees can search within RightFind to find content, or they may use another search and discovery platform. RightFind easily integrates with most discovery platforms through industry standard Open URL integrations and robust APIs to support integrations with third-party products.

Speed up innovation with faster content access

RightFind searches across your digital library and company subscriptions, Open Access sources and our document delivery collections to get full-text articles to employees faster. If users want an article that isn't in your holdings, they can buy it on the spot with RightFind's instant document delivery capabilities through our database of over 100 million Scientific, Technical and Medical (STM) citations.

Easily collaborate with colleagues across your company

Designed with collaboration in mind, RightFind's shared libraries make it easy to store, organize, and tag articles by project, team or customized for your specific workflow. You can also allow employees to follow, share, rate, review and comment on content.

Make data-driven content decisions

To help you track spending and content usage, RightFind gives you real-time analytics. See what published material employees use most by geographic location, department or individual employee to prioritize future content purchases.

Simplifies copyright compliance

RightFind works with your CCC/RightsDirect Copyright License to show exactly how you and your colleagues can share and reuse published material. Our rights management technology is the only source for direct, accurate information about your CCC/RightsDirect Annual Copyright License. RightFind accommodates both global subscriptions and site-specific licensing, allowing you to control access to content down to the individual user.

Copyright Clearance Center (CCC) is a global leader in content management, discovery and delivery solutions. Through its relationships with those who use and create content, CCC drives market-based solutions that accelerate knowledge, power publishing and advance copyright. With its subsidiaries RightsDirect and Ixxus, CCC provides solutions for millions of people from the world's largest companies and academic institutions.

A Copyright Clearance Center Subsidiary

RightsDirect provides content workflow, document delivery and rights licensing solutions that allow companies around the world to use, share and store content while simplifying copyright compliance. Working with partners around the world, RightsDirect offers sophisticated solutions tailored to the needs of national and global organizations. RightsDirect is a wholly-owned subsidiary of Copyright Clearance Center (CCC) based in Amsterdam with a presence in Tokyo and Munich.
