RightsLink Author Services

Diversify Revenue and Accelerate Research Impact

In the increasingly competitive world of scholarly research, publishers seek creative, cost-effective ways to expand the range of services for their authors as a means to build loyalty and ensure a continuous stream of quality submissions. Publishing in a reputable journal is important in helping to build an author’s brand, and authors must also find ways to build visibility for their research as funders and institutions look at new ways to assess research impact.

With RightsLink Author Services, publishers can automate and scale a suite of offers to diversify revenue streams, align with institutional missions, enhance the author experience, and adjust to the financial impact of shifting market forces. Our growing portfolio includes:

Research Promotion Solutions
Research Promotion Solutions, offered by Editage and RightsLink, enable RightsLink publishers to offer high-impact research promotion solutions to their authors at manuscript acceptance without incurring additional overhead.

- **Custom covers:** Give authors an opportunity to shine by placing an image or figure from an article on the cover of a journal
- **Author ePrints/Reprints:** Optimize and scale eprints/reprints to give sales teams more time to focus on other strategic priorities
- **Video summaries:** A 2-minute long video that makes complex research accessible to a wider audience
- **Plain language summaries:** A concise summary of the published manuscript that can be shared easily with academics, researchers, or anyone who might be curious about the research
- **Research news stories:** An engaging press note that can help media agencies pick up and publish articles based on the news value of the research
- **Media package (A bundle of the above promotion solutions):** To achieve the most impact, this combination package plan can help bring visibility for research to collaborators, funders, readers, and policy makers
