Annual Copyright License

A trusted licensing solution that complements an organization’s publisher agreements and subscriptions by providing a consistent set of reuse rights across a broad repertory of titles. The ACL enables teams to more easily collaborate using content from a wide range of sources, simplifying copyright compliance, driving innovation, and providing resources that educate employees about the importance of copyright.

Companies rely on the efficient exchange of information, from research and industry news to workforce trends and legislative reform. They subscribe to or buy the content their employees need, but there are still gaps in coverage that present risk to the company. In the daily rush to get things done, even well-intentioned employees may unknowingly reuse copyrighted material from time to time without permission to do so. Acquiring rights to reuse and collaborate using content on a one-off basis is often time-consuming and inefficient.

“The top benefit is the peace of mind that we’re in compliance with copyright laws. Having the Annual Copyright License also gets back to integrity truly being a core value of our company.”
