RightFind Academic

Verifying coverage under your Annual Copyright License

Included with your institution’s Annual Copyright License for Higher Education is RightFind® Academic, an easy-to-use, online tool that makes it easy to verify coverage under your CCC license.

How to verify coverage:

1. Go to RightFind Academic at rightfind.copyright.com:

   Once you have received notice from CCC that your RightFind Academic account has been set up, you can simply enter your login credentials.

2. Search for a publication:

   You can search for publications in several different ways:

   1. Once logged in, you can enter the Publication Title or Standard Number (ISBN/ISSN) of the publication you wish to use.
   2. Search for key words to surface results related to your topic of choice.
   3. Use our advanced search functionality to peruse titles by author, publisher, and more.
Verify coverage:

In the search results (see example below), the most frequently requested publications are displayed first. Annual Copyright License coverage is shown to the right of the search results.

Tip

In some cases, if the title for which you’re searching is not covered under the license, you might still be able to purchase permissions through Marketplace (marketplace.copyright.com). To do this, click the “view more uses” link on the right side of the search results page. If you see a “Price and Order” button on the right side of this page, simply click this button to view your permissions options on Marketplace.

Note: this option will not always be available.
