

How it works

Publishers and Creators license their content through Copyright Clearance Center — supplying rights and business rules.

Content Users, including corporations and academic institutions, purchase annual licenses and/or use pay-per-use-tools to search for and license content.

Copyright Clearance Center distributes royalty payments to publishers, authors and creators. Rightsholders can then use RightsCentral to view content usage reports and manage their titles, rights and fees.

There is no fee to enroll!

Licensing services overview

Monetize your content and access new markets

Making copyright work

Representing copyright holders from nearly every country around the world, CCC creates market-based solutions that help people get the information they want when they want it through voluntary copyright licensing, award-winning cloud-based workflow tools and intelligent, customized solutions on state of the art technology.

CCC's licensing solutions enable businesses and academic institutions to quickly get permission to use copyright-protected materials, while compensating publishers and content creators for the use of their works.

CCC'S role in the global marketplace

Fostering global collaboration, creativity, and commerce

Corporate Licensing Services

CCC serves thousands of companies around the world.

Annual Copyright License

This annual license enables employees to use print and digital content within a business or government agency.

Pay-Per-Use Services (available at copyright.com)

- **Digital use:** Permission to share content through email or Internet, intranet or extranet posting.
- **Print use:** Permission to share content in print form for general use or through document delivery.
- **Republication:** Permission to republish content into books, journals, newsletters, dissertations and more.

Academic Licensing Services

Make it easy for librarians, faculty and staff at thousands of colleges and universities to use your content. More than 1,200 academic institutions and hundreds of course materials providers in the U.S. rely on CCC's annual license and pay-per-use services to share information with confidence.

Annual Copyright License

This annual license allows for easy sharing of print and digital content for course work, research and administrative purposes within an academic institution.

Pay-Per-Use Services (available at copyright.com)

- **Digital use:** Permission to share course materials through electronic reserves, course management systems or other password-protected digital environments.
- **Print use (course materials):** Permission to share content for course materials as part of printed coursepacks or class handouts.
- **Print use (library materials):** Permission to share content in print form through library reserves and interlibrary loan (ILL).

Automate licensing from your website

RightsLink for Permissions is a sophisticated workflow and transaction engine that automates the management of permissions, reprints, and content rental and purchase requests right from your website, based on your business rules.

Foreign authorizations service

Through bilateral agreements, CCC receives royalty payments from licensing agencies around the world for distribution to rightsholders. Payments reflect royalties generated according to the laws of the country in which the content was used.

RightsCentral

CCC's reporting platform offers a range of tools:

- Manage rights and fees
- Grant permissions
- Run custom royalty and order status reports
- Analyze title usage reports

About CCC

A pioneer in voluntary collective licensing, Copyright Clearance Center (CCC) helps organizations integrate, access, and share information through licensing, content, software, and professional services. With expertise in copyright and information management, CCC and its subsidiary RightsDirect collaborate with stakeholders to design and deliver innovative information solutions that power decision-making by helping people integrate and navigate data sources and content assets.
