

Copyright Clearance Center Announces Enhancements to Award-Winning Content Workflow Solution, RightFind®

Delivers Powerful Combination of Content, Rights and Information Expertise, Offering Customers Access to the World's Largest Collection of Scientific, Technical and Medical Content

November 15, 2018 – Danvers, Mass. – [Copyright Clearance Center, Inc.](#) (CCC), a leader in advancing copyright, accelerating knowledge, and powering innovation, announces enhancements to its award-winning content workflow solution, [RightFind®](#), making it even easier to use than ever before, giving scientific research organizations access to content they need – anytime, anywhere.

[RightFind](#) offers organizations secure access to enterprise content and rights information maximizing access to scientific, technical and medical (STM) journals, books, and databases, and reducing the cost of managing information resources. Employees easily collaborate with team members and view company rights for sharing content, simplifying copyright compliance. RightFind customers have access to targeted industry knowledge and information management expertise available when they need it.

“With these latest enhancements, no other content workflow solution delivers such a powerful combination of content, rights and information management capabilities,” said Babis Marmanis, Executive Vice President and CTO, CCC.
