

Examples of the new CCC logo, as displayed in Copyright Clearance Center's product platforms:

The screenshot shows the 'Publisher Portal' interface. At the top, the CCC logo is followed by 'Publisher Portal'. Navigation links include 'Manage Account', 'Useful Links', and 'Help'. Below this, a 'Publisher:' section has 'Author' and 'Permissions' tabs. A paragraph explains the portal's tools for managing manuscripts, transactions, and configurations, with a note about the 'Reports' tab. A navigation bar contains 'OA Dashboard', 'Manuscripts', 'Reports', 'Promotions', 'Institutional Accounts', and 'Manage Configuration(s)'. The main content area features three panels: a green 'Order Total' panel showing '\$3,794,322' (YTD, in USD); a blue 'Transaction Summary YTD' bar chart showing 'Open orders' and 'Closed/Paid orders' (in USD); and a red panel stating 'There are 0 unpaid manuscripts targeted for publication within the next 30 days'. Below these, a 'Manuscripts posted to RightsLink' dropdown is set to 'In last 30 days'. To the right, 'Dashboard Tips' and 'In period selected' statistics are shown: 'Total # of manuscripts: 216' and 'Total # of OA transactions: 73'. At the bottom, there are two charts: 'Manuscript Status' (a pie chart with a legend for 'Submission') and 'Transaction and Payment Status' (a bar chart).

The screenshot shows the 'RightFind' search interface. It features a large, light blue geometric pattern background. A white search box is centered, containing the 'RightFind' logo (with 'Navigate' in smaller text below it) and the CCC logo. Below the logos is a search input field with a magnifying glass icon and the placeholder text 'Enter your query to search in multiple data sources'. At the bottom of the page, a footer bar contains the text 'Powered by Copyright Clearance Center | Contact Support'.
