

## Standards Coverage Under the Annual Copyright License

The Annual Copyright License provides the rights to reuse technical standards in different ways.

### Only the Annual Copyright License:

- Provides a consistent set of reuse and storage rights that apply to the technical standards your employees need to do their jobs
- Covers common types of uses involved in collaboration, such as forwarding a copy of a standard to a colleague through email or handing out hard copies to a small group of colleagues working together on a project
- Facilitates easy lookup of content reuse rights
- Minimizes your company's copyright infringement risk and makes your users copyright-aware through world-class copyright and licensing education
- Accelerates business results by reducing time spent pursuing individual permissions

## Here are some common use cases for technical standards, as they relate to Annual Copyright License coverage

-  **Authoritative Documents:** Store a copy of a digital standard on a hard drive or network drive used by a project team or work group.
-  **Collaboration:** The Annual License is device agnostic and allows authorized uses of a standard by a project team or workgroup via commonly used collaboration applications such as Microsoft SharePoint, Microsoft Teams, or Slack as well as email, chat, etc.
-  **Internal Presentations & Training:** Include a portion of a standard in an internal presentation to project stakeholders.
-  **Accessibility:** Scan a printed standard into digital format when an electronic version is not readily available.
-  **Submission:** Include a standard as part of a regulatory or legal submission.

## Some things you cannot do with standards under CCC's licenses

-  Bulk or systematic downloading or sharing of a standard
-  Alter, translate, or manipulate the standard in any way
-  Sell copies or fee-for-service reproductions of standards
-  Provide a portion of a digital standard to anyone other than an employee or on-premises consultant, except as part of a submission to a regulatory authority
