WHAT'S NEW WITH PUBLISHER PORTAL?

June 2024 Release

CCC Publisher Portal provides rightsholders with a facility to manage their intellectual property licensed through CCC.

The June 2024 release focuses on enhanced reporting capabilities including

- Customized Transaction Summary Reports
- Scheduled Transaction Summary Reports
- Multi-title Search in Transaction Reporting
- Country Search in Transaction Reporting

Customized Transaction Summary Reports

You can now specify which fields you want delivered in your downloaded Transaction Summary Reports. When you click "Request Full Report" after executing a search you are presented with a list of fields you can include in your report. Simply tick or clear fields to build up a customized report focused on answering the questions you have regarding your data, or for a complete report you can Select All fields.

Customized Report requests run in the background, and you are notified by email when the report is ready to download as an Excel file. The reports are also available for up to 30 days in "View Report Requests History."

Scheduled Transaction Summary Reports

When you need to run reports on a periodic basis you can now automate this by scheduling Transaction Summary Reports. When you have constructed your query, click "Schedule Report" below the search options pane.

Multi-title Search in Transaction Reporting

Transaction Summary Reports now support smart querying of publication titles. In the Licensed Publication field when you type at least three letters, possible titles are suggested, meaning you don't need to know the precise name of the book or journal when you are searching, and additionally mitigating the risk of spelling errors.

| Licensed Publication: ? | accounting - | | |

Country Search in Transaction Reporting

To help you gain insight into your customer base, you can now search for transactions based on the billing country of the customer in the Transaction Summary Report screen. You can select up to 30

countries in a single search, and country names are auto completed as you enter terms (country names conform to the ISO 3166 English Short Name standard).
