

## RightFind Suite Named to KMWorld's Trend-Setting Products of 2025 for Knowledge Management

*CCC's Suite of Integrated Software Solutions Recognized for Simplifying Research and Copyright Compliance for Enterprise Clients in Science, Technology, and Medicine*

September 25, 2025 – Danvers, Mass. - [CCC](#) (Copyright Clearance Center), a pioneer in voluntary collective licensing, announced today that its [RightFind Suite](#), a set of integrated software solutions that help professionals at R&D-driven companies search, access, share, organize, collaborate on, and analyze scientific literature and other types of content to generate data-driven insights and gain a competitive edge, has been named to the [KMWorld Trend-Setting Products of 2025](#), a list honoring companies leading the way in innovation.

"The technologies that keep knowledge management operations humming are constantly evolving," said Marydee Ojala, Editor-in-Chief, KMWorld. "KMWorld's list of trend-setting products highlights companies that push knowledge management forward and deliver measurable value to their customers."

"For decades, hundreds of life science companies, nearly 75% of chemical companies in the Fortune 500, and dozens of top global food and agriculture organizations have relied on RightFind to meet their evolving research needs," said Lauren Tulloch, Vice President and Managing Director, CCC. "We are honored that KMWorld has recognized RightFind's impact and the contributions of CCC as an organization for leading the way in innovation."

The RightFind Suite is comprised of robust software solutions that fuel scientific research and simplify copyright compliance, including:

- **RightFind Enterprise** – Literature [access, management, and collaboration](#)
- **RightFind Cite It** – [Seamlessly integrated reference management software](#)
- **RightFind XML** – [Access to full text article content and text mining rights from over 50 publishers](#)
- **RightFind Navigate** – [Personalized search of scientific content across internal and external data sources](#)
- **RightFind Business Intelligence** – [Analytics to support data-driven content investments](#)

In addition to being included in KMWorld's Trend-Setting Products of 2025, CCC has earned a number of other accolades. In July 2025, CCC was named to the [2025 KMWorld AI 100](#), an award honoring companies empowering intelligent knowledge management. In April 2025, CCC was honored as a [2025 Artificial Intelligence Excellence Awards winner](#), recognized for dedication, ingenuity, and impactful contributions to AI through its [Annual Copyright License](#)

(ACL). In July 2024, CCC [announced the availability of AI rights](#) for internal corporate use within its [Annual Copyright License](#), an enterprise-wide content licensing solution offering companies an efficient way to obtain rights to use copyrighted materials within AI systems. The license provides users with a harmonized set of internal use AI rights from a broad range of rightsholders and remunerates rightsholders for these new uses of their content.

CCC advocates for copyright worldwide by engaging governments, stakeholders, and individuals with [educational programming](#), [thought leadership resources](#), and through its online hub, [AI, Copyright & Licensing](#).

Since 1978, CCC has supported content users by providing efficient licensing solutions for their content uses. CCC's non-exclusive voluntary collective rights licensing solutions include [ACL for Business](#), [Multinational Copyright License \(MCL\) for Business](#), [ACL for Higher Education](#), [ACL for Curriculum & Instruction](#), and [ACL for Student Assessments](#). In addition to licensing solutions, CCC provides software solutions with integrated one-stop access for users to request, receive, and pay for full-text content and permissions to re-use content.
