WHAT'S NEW WITH CCC MARKETPLACE?

February 2026 Release

CCC Marketplace (www.marketplace.copyright.com) provides a self-service e-commerce site that enables users who rely on the exchange and reuse of copyrighted content to conduct business and enrich instruction to search, order, and manage copyright permissions, purchase content, and request article reprints and ePrints across millions of works from thousands of publishers around the world.

The February 2026 release includes:

- Improved Workflow on the Market/Buyer Page
- Additional Messaging on Registration Page

Improved Workflow on the Market/Buyer Page

We continue to make improvements to the user workflow on CCC Marketplace. The February 2026 release includes enhancements to the Market/Buyer Page. The user is presented with this page after they select "Request Permissions" from their search results. They then select their intended use of copyrighted content and the type of organization or agency they are transacting on behalf of.

Based on market feedback, we broadened the MedComms tile header and corresponding examples to help direct users to the appropriate license for their specific needs. See screenshot below.

I need permission to use copyrighted content in:

				
<input checked="" type="radio"/> Pharma / Med Device, MedComms Including presentations, training, medical education, and marketing, public relations and advertising projects	<input type="radio"/> Publications Including books, journals, theses, other published products	<input type="radio"/> General business use Including presentations, web postings, emails, training programs	<input type="radio"/> Academic course content/material Including coursepacks, classroom materials, library reserve postings	<input type="radio"/> Document delivery or interlibrary loan (ILL) Including commercial or academic library document delivery, ILL reporting

We also enhanced the user experience when a customer selects “General Business use” with three new buyer options that direct the user to the “Pharmaceutical / Medical Device Company,” MedComms workflow. The new options include:

- Medical Communications Agency
- Pharmaceutical / Medical Device Company
- Agency on behalf of Pharmaceutical / Medical Device Company, Including Marketing, Public Relations, Advertising Agency

See screenshot below.

If a customer selects one of the new options, they are presented with the “Reuse in a Medical Communications Project” Type of Use (TOU) on the Request Details page. See screenshot below.

Request Details Additional Details

Usage may not exceed 10% of a work.

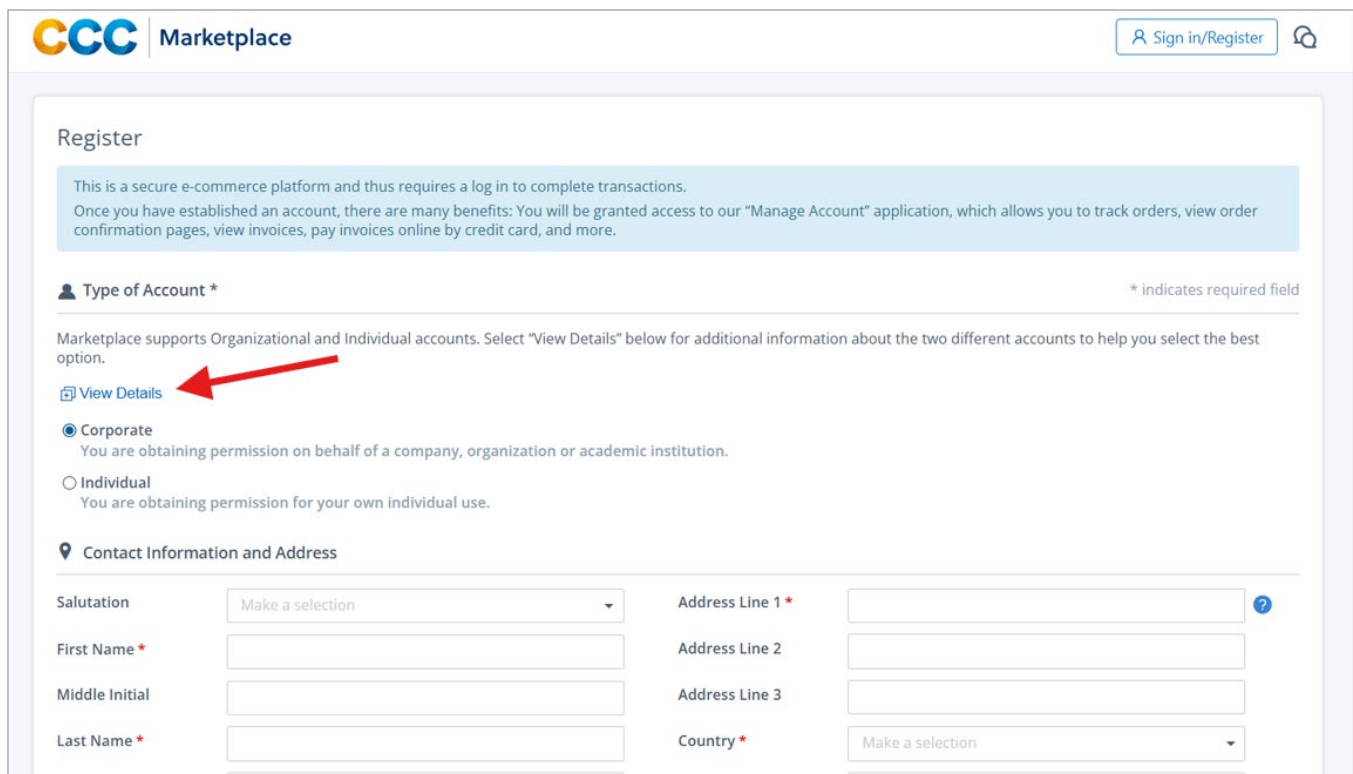

Type of Use (TOU) Reuse in a Medical Communications ... ?

→ REQUEST DETAILS * Required

Type of Licensee * Medical Communications Agency ? Translation Needed * No ?

Additional Messaging on the Registration Page

We have updated messaging on the CCC Marketplace registration page to make it easier for new users registering an account to determine whether they should create a corporate or individual account. The new messaging describes the advantages of and reasons for selecting one or the other, as illustrated below.

The screenshot displays the registration page for CCC Marketplace. At the top left is the CCC Marketplace logo, and at the top right is a "Sign in/Register" button. The main heading is "Register". Below this is a light blue informational box stating: "This is a secure e-commerce platform and thus requires a log in to complete transactions. Once you have established an account, there are many benefits: You will be granted access to our 'Manage Account' application, which allows you to track orders, view order confirmation pages, view invoices, pay invoices online by credit card, and more." Below the box is the "Type of Account" section, which includes a red arrow pointing to a "View Details" link. The "Type of Account" section has two radio button options: "Corporate" (selected) and "Individual". Below this is the "Contact Information and Address" section, which contains several input fields: "Salutation" (dropdown), "First Name", "Middle Initial", "Last Name", "Address Line 1", "Address Line 2", "Address Line 3", and "Country" (dropdown). A red arrow points to the "View Details" link in the "Type of Account" section.

Corporate Account:
If you will be obtaining multiple permissions on behalf of or for your own company, organization or academic institution, select the corporate account. Once your corporate account is created, you will be designated as the admin user and will have access to the following features on Marketplace:

- Admin users can add/remove additional users to your corporate account so that they can purchase licenses for your account.
- Admin users can generate reports on all transactions for your account, whether the licenses are purchased by you or by added users.

Individual Account:
If you are obtaining permission for your own individual use, select the individual account. The individual account is best suited for customers who are not purchasing permissions for a company, organization or academic institution. Select the corporate account option if the licenses you plan to purchase are not for individual use.

Corporate
You are obtaining permission on behalf of a company, organization or academic institution.

Individual
You are obtaining permission for your own individual use.
