WHAT'S NEW WITH PUBLISHER PORTAL?

June 2026 Release

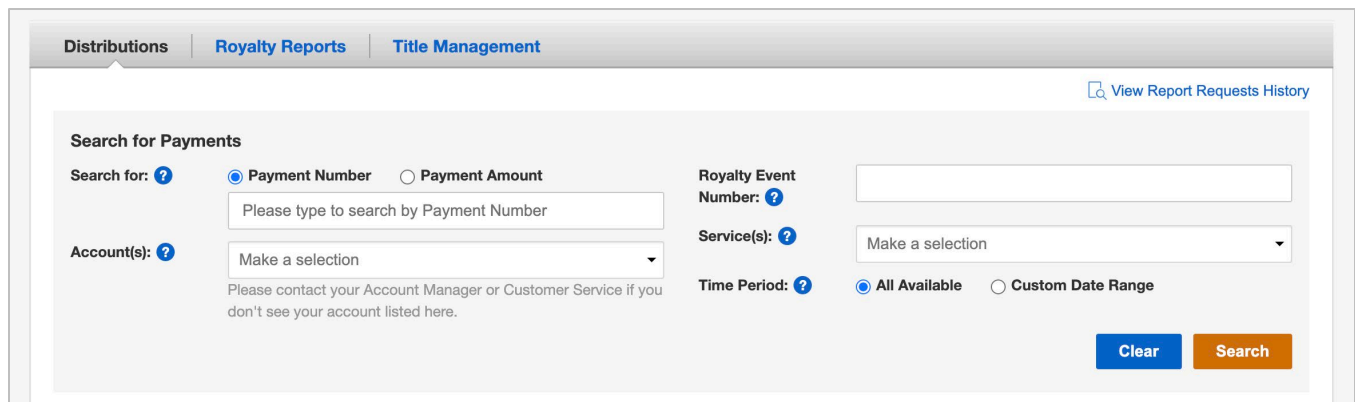

Publisher Portal is the secure, intuitive online platform for publishers, authors and agents to manage permissions, obtain reports on usage and royalties, and conduct their business with CCC. We enhance Publisher Portal on a regular basis, addressing feedback from our participating publishers, authors, and agents. The June 2026 release introduces a new Payments module providing functions previously available in RightsCentral covering:

- Distribution Reporting
- Royalty Reporting
- Title Management
- Financial Forms

Publisher Portal Permissions also now supports Project Level Communications between rightsholders and buyers in the Reuse in a Medical Communications Project type of use.

Distribution Reporting

The Distributions tab provides reporting on all the distributions made to a rightsholder by CCC. These can be searched by Date Range, Payment Number, Payment Amount, Royalty Event Number, and Service. If you have multiple subsidiary accounts you can select which accounts you want to report on.

The screenshot displays the 'Distributions' tab in the Publisher Portal. The search form includes the following elements:

- Search for:** Radio buttons for 'Payment Number' (selected) and 'Payment Amount'. A text input field below contains the placeholder 'Please type to search by Payment Number'.
- Account(s):** A dropdown menu with 'Make a selection' and a note: 'Please contact your Account Manager or Customer Service if you don't see your account listed here.'
- Royalty Event Number:** A text input field.
- Service(s):** A dropdown menu with 'Make a selection'.
- Time Period:** Radio buttons for 'All Available' (selected) and 'Custom Date Range'.
- Buttons:** 'Clear' (blue) and 'Search' (orange) buttons.
- Navigation:** 'Distributions', 'Royalty Reports', and 'Title Management' tabs at the top. A 'View Report Requests History' link is in the top right.

Fig. 1. Distribution reporting search option

Search results in the user interface contain summary information covering Payment Number, Payment Date, Payment Amount, Payment Subtotal, Tax Withholding Amount, Voided Amount, Account Number, and Account Name. These can be expanded to see details by service, and you can request a report of a particular payment. For each service, where appropriate, you will be able to request a Title Summary Report and a Title Usage Report. Reports are generated in the background and will be delivered to the user by an email link to a Microsoft Excel (.xlsx) file. Reports are also accessible for 30 days via the View Report Requests History option.

Royalty Reporting

The Royalty Reports tab allows you to see details of royalties paid to you by CCC. Two reports are provided. **Royalties by Publication Title** allows you to see payments broken down by title. You can refine these reports by Publication Title, Service, Royalty Event Number, and Date Range.

Fig.3. Royalties by Publication Title Search

Royalties by Publication Title search results are summarized in the user interface covering IDNO (e.g. ISSN), Publication Title, and Royalty Total. Results for each title can be expanded to see a breakdown by service.

IDNO	Publication Title	Royalty Total
9780823909940	EXPLORING CAREERS IN WORD PROCESSING AND DESK...	1,200.12 USD
Service Name: Pay-Per-Use - Digital Use (Academic)		
Amount: 80.75 USD		
<hr/>		
Service Name: Pay-Per-Use - Print Use (Academic)		
Amount: 1,119.37 USD		

Fig.4. Royalties by Publication Title Details

Royalty Comparison allows you to see royalties paid to you from CCC services across a time period.

The screenshot shows a web interface for searching reports. At the top, there are three tabs: 'Distributions', 'Royalty Reports', and 'Title Management'. Below the tabs is a 'Search for Reports' section. This section contains three main input areas: 1. 'Report Type:' with a dropdown menu currently showing 'Royalty Comparison'. 2. 'Service(s):' with a dropdown menu that is open, displaying a list of services including 'ACL for Curriculum & Instruction', 'Content Purchase', 'Content Rental', and various 'Pay-Per-Use' options. There are also 'Select All' and 'Deselect All' options. 3. 'Time Period:' with a dropdown menu set to 'All Available'. To the right of these input areas are two buttons: a blue 'Clear' button and an orange 'Search' button.

Fig.5. Royalty Comparison Search

Reports are generated in the background and emailed to the user as links to a Microsoft Excel (.xlsx) file. These reports detail payments by service across the specified date range broken down on a month and year basis.

Title Management

You can manage the content licensed through CCC using Title Management tab in Publisher Portal. You can see titles registered with CCC services, send CCC their titles (via emailing a template file or setting up an ONIX feed), transfer title ownership, and manage Permissions and Fees.

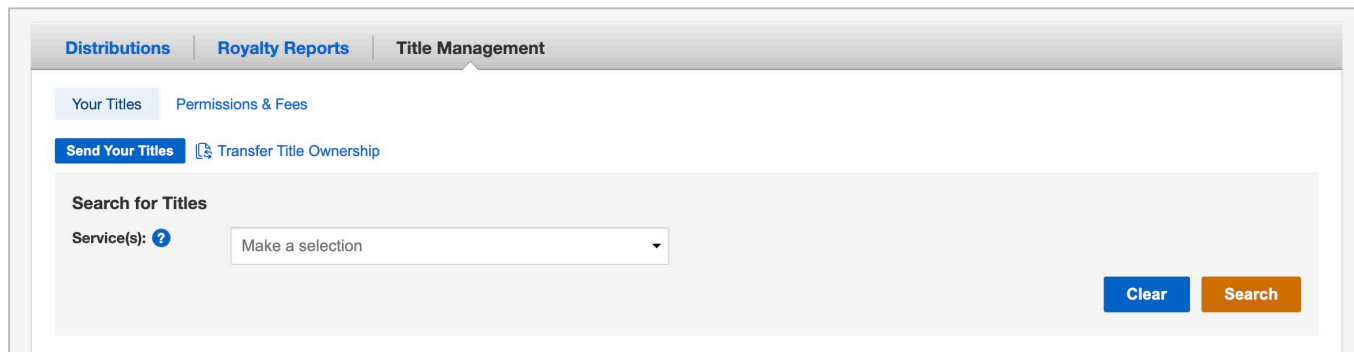

Fig.6. Title Management Interface

You can generate a report of your titles enrolled in CCC services by selecting a service and choosing 'Search' – if you do not select a particular service a report is generated covering all titles enrolled in all CCC services.

To transfer titles that you no longer own the rights to select Transfer Title Ownership. This allows you to submit an edited title report covering affected titles and send this to CCC for processing.

To manage the pricing and set options for granting, denying, being contacts for permissions approval for your inventory select Permissions and Fees. This shows you a list of CCC services and the groups of titles you have set up. You can refine this view by behavior (Grant, Deny, Contact Rightsholder via CCC, or Contact Rightsholder Directly) by using the View by Permission pulldown menu. Click the caret symbol next to a service to see a breakdown of your title fee groupings.

Distributions | **Royalty Reports** | **Title Management**

Your Titles | **Permissions & Fees**

Pricing groups reflect your approach to licensing your content. The groups are defined by you and implemented by Copyright Clearance Center at your direction. If you require additional details about how to configure your pricing, please see the Resource Center under Useful Links or contact your account manager.

Note: Please note, the information below does not reflect pending change requests. Once a request is completed, you will be notified and PubPortal will reflect the updates.

Fig.8. Manage Groups for a Service

When you expand the view of a service you see details of your pricing and you can edit the settings for granting or denying licensing for a group or add titles to it by emailing CCC.

Financial Forms

If you need to submit financial forms covering your tax status or allowing CCC to make electronic payments to you, these are available under the Useful Links pulldown menu at the top of the screen. You can download W-8BEN, W9, W-8BEN-E, ACH, and Wire Transfer forms with instructions on how to submit these to CCC from this page.

Distributions > Financial Forms

Financial Forms

To provide your tax information to CCC, just complete the appropriate IRS tax form and send it back to us as described in the form. You are under no obligation to provide your tax information.

Note: According to U.S. law, if we do not have your completed and signed form on file, the IRS requires CCC to withhold a percentage of the payment and pay the withheld amount to the United States Internal Revenue Service (IRS) (from whom you can claim a refund or credit, if appropriate). You can learn more about our responsibilities for backup withholding at <https://irs.gov>.

- [W-8BEN](#)
Certifies you are not a resident of the United States.
- [W9](#)
Certifies you are a resident of the United States.
- [W-8BEN-E](#)
Certifies you are not a United States organization.

To receive payments electronically, please complete and submit the appropriate form.

- [ACH](#)
Domestic only, provide banking information so payments can be sent electronically in the US.
- [Wire Transfer](#)
Foreign only, provide banking information so payments can be sent electronically outside the US.

Project Level Communications

Permissions have been enhanced by introducing communications at a project level. When a request involving multiple items under the Reuse in a Medical Communications Project is viewed you can interact with a buyer at a project level, applying comments to all the requests involved without you having to add them on an individual basis. Buyers can then respond either on a request-by-request basis or address them at the project level.
